"For the last five months, my condition has worried me a great deal. My digestion was all wrong and I always had a weak, mean and sour feeling in my stomach. After every meal gas would form and bloat me up so badly I would almost choke; in fact, it caused me a lot of misery and these troubles brought on such a decline in my general health that I felt rundewn, listless and out of sorts all the time.

In spite of the fact that there were no photographers to record the dress and customs of the masses the dress and customs of the masses during the years of the decadence of the Roman Empire, Cecil B.
